

Altergy systems Switzerland

PowerHub Systems USA n/a PowerHub Systems develops distributed energy storage systems for utility smart grid applications. Our patent-pending bidirectional power flow control and communications system enables reliable, secure, and decentralized energy storage to be deployed at the distribution circuit level of the power grid.

FOLSOM, Calif., Aug. 27 /PRNewswire/ -- Altergy Systems (Altergy) announced that Altergy, Anglo Platinum's Platinum Growth Metals Development Fund (PGM) and the government of the Republic of South ...

Eric S. Mettler is the Founder, President & CEO of Altergy Systems. He previously worked at PowerTek International Corporation as a Chief Operating Officer. Eric S. Mettler attended California State University-Sacramento. Jobs. Edit Jobs Section. Number of Current Jobs 1.

Who is Altergy Systems. Altergy has revolutionized fuel cell design, and is the first and only company of its kind to cost-effectively mass produce industrial-strength fuel cells. As the leader in telecommunication backup power, Altergy is now addressing critical power needs in additional industries to include: Cable, Public Safety and Military and Homeland Security.

Altergy Systems® is the global leader in the design, manufacture, sales, marketing and deployment of fuel cell based clean energy systems. Altergy's Freedom Power(TM) products provide freedom from the grid, freedom from foreign oil, freedom from traditional energy solutions, freedom from batteries

Altergy's revolutionary technology aids the implementation of on-demand fuel cells that are clean, robust, reliable, and cost effective SANTA CLARA, California... For over 25 years, FCW has been the go-to source for news, information, and analysis.

fuel cell based clean energy systems. Altergy's Freedom Power(TM) products provide freedom from the grid, freedom from foreign oil, freedom from traditional energy solutions, freedom from batteries and freedom from pollution and are "Changing the Way the World Gets Its Power." For more information about Altergy Systems, visit .

Altergy Systems is offers reliable backup power solutions for telecom and delivers proven fuel cell technology. Altergy Freedom Power(TM) fuel cells have logged more than 32 million hours of runtime, provided uninterrupted power during ...

Altergy has broken through traditional technology and cost barriers to deliver the most cost-effective and reliable backup power solutions available. Altergy's ...

zero-emission proton exchange membrane (PEM) fuel cells deliver the quality on-demand power and ride-through capabilities required for telecommunications, broadband, data centers, traffic signaling, ...
