

Solar panels were a rare sight in South Africa, largely limited to the roofs of a few affluent households. This is changing rapidly, driven by three factors: the worldwide drive towards renewable energy, a highly strained local electricity supply, ...

Sosolar, based in Johannesburg, offers innovative solar solutions, including solar cooking, lights, and power systems. Their durable solar cookers provide an eco-friendly, safe, and cost-effective way to cook, boil water, and bake using only sunlight.

Sosolar is a Johannesburg, South African based company that specialises in solar cooking, solar lights and solar power systems. Solar Cookers are highly effective, durable products. It is easy to boil water, cook soups and stews, mieliepap, bake bread and cakes, grill fry and braai meat using only the power of the sun.

Sosolar, nestled in the heart of Johannesburg, stands tall as a leading provider of renewable energy solutions in South Africa. With a prime location and a team of dedicated experts, they are at the forefront of the solar power revolution.
