Artu Energy's goal is to bring new ideas and technologies to the African energy market that will help people and companies take more control over their energy needs. It is our belief that a significant ingredient to future prosperity will be the ability to independently produce energy.

For inquiries, partnerships, or to learn more about how Artu Energy can transform your energy landscape, please get in touch with us at our office (No. 2 Ibaka Street, NDDC Estate, Abuloma, Port Harcourt, Nigeria.) Or send us a message: Full name. Email. Message. Submit.

Sealed Design: The sealed design of gel batteries makes them suitable for indoor and confined space applications where ventilation is limited. **Safety:** Gel batteries are known for their safety features, such as reduced risk of acid leakage and lower gas emissions during charging, making them a safer choice for certain environments.

Artu Energy | 12 followers on LinkedIn. Renewable energy services and technology. | Artu Energy Ltd's main purpose is to bring new ideas to the African energy market that will help people and companies take more control over their energy needs. It is our belief that a significant ingredient to future prosperity will be the ability to independently produce energy.

Off-Grid Capability: Independent solar energy stations are often found in remote or off-grid locations where connecting to the grid is not feasible or cost-effective. This could include rural areas, remote research stations, or emergency backup power systems.
