Clean environment and green growth are among our national priorities. Renewable energy is gaining momentum in Azerbaijan." To sum up, Azerbaijan's path to a sustainable energy future supports global efforts to cope with climate changes and inter-regional energy cooperation.

These custom lithium battery packs are designed to provide superior performance and reliability, with advantages such as high energy density, long cycle life, fast charging capabilities, and wide operating temperature ranges. Additionally, our USB Rechargeable Battery offers the convenience of being able to easily recharge on the go.

Two-thirds of energy in Azerbaijan comes from fossil gas and almost a third from oil. [1] Azerbaijan is a major producer of oil and gas, much of which is exported. [2] Most electricity is generated by gas-fired power plants.
