

Does Azerbaijan have a strategic energy cooperation with the EU?

Commissioner for Energy, Kadri Simson, said: "The EU and Azerbaijan's strategic energy cooperation has shown all its flexibility and dynamism. In 2019, there was only gas on the horizon. Not today. The Southern Gas Corridor has evolved to become a forum for cooperation also on renewables and electrification.

Where can I find Azerbaijan's energy commissioner's full remarks?

The Commissioner's full remarks at the inaugural session of the Southern Gas Corridor Advisory Council are available here. You can also find online her remarks at the closing press conference with Azerbaijan's Energy Minister, Parviz Shahbazov.

What can Europe do about Azerbaijan's energy crisis?

Europe can use this leverage to call for increased transparency in Azerbaijan's energy sector in exchange for technical assistance, continued joint ventures, and further access to EU markets. Jody LaPorte is the Gonticas fellow in politics and international relations at Lincoln College, University of Oxford.

How has Azerbaijan diversified its economy?

While Azerbaijan has begun to diversify its economy, for example by investing in the development of renewable energy, Baku also remains committed to hydrocarbon production.

Should the EU cooperate with Azerbaijan?

In the longer term, the EU should make further cooperation conditional on governance reforms in Azerbaijan. The country needs Western partnerships if it is to meet its climate commitments while remaining a major energy producer.

Does Azerbaijan need a Western partnership?

The country needs Western partnerships if it is to meet its climate commitments while remaining a major energy producer. Europe can use this leverage to call for increased transparency in Azerbaijan's energy sector in exchange for technical assistance, continued joint ventures, and further access to EU markets.
