

Après la centrale thermique dual fuel 125 Mégawatts de Maria-Glória 2, le Bénin dispose désormais de sa première grande Centrale solaire photovoltaïque de 25 MWc.

Construction launched on 12 November at the 25MWp Forsun Solar PV plant in Pobè, Benin. The project is the result of cooperation between the French Development Agency (AFD), the European Union and the Beninese government to invest almost 16 billion West African Francs (\$25.58 million) into building the solar plant.

Benin is inaugurating its first large-scale solar photovoltaic power plant. The installation, located in the locality of Illoulofin, was recently commissioned. The reception ceremony presided over by Benin's Minister of Energy Dona Jean-Claude Houssou took place on Tuesday 19 July 2022.

The Beninese government has announced to double the capacity of the Illoulofin solar PV plant located in the Plateau Region of the country. Initially planned for a capacity of 25 MWp, the under-construction solar power plant will now have a ...

Toyota Tsusho Corporation, a Japanese conglomerate, has sealed a deal with the Beninese Electricity Production Company to erect a 25 MW solar power plant in Benin's Pobè region. This venture represents the first ...

Le Bénin travaille à renforcer sa capacité énergétique. Mardi 12 novembre 2024, le ministre de l'énergie, de l'eau et des mines, Samou Seidou Adambi a procédé au lancement des travaux d'une nouvelle centrale solaire de 25 MWc sur le site de Illoulofin à Pobè, commune située dans le département de Plateau.

Illoulofin Solar Power Station, is a 50 megawatts (67,000 hp) solar power plant in Benin, whose first 25 MW was commissioned on 19 July 2022, and the next 25 MW is under construction and is expected to come online in 2025.

Benin is inaugurating its first large-scale solar photovoltaic power plant. The installation, located in the locality of Illoulofin, was recently commissioned. The reception ceremony presided over by Benin's Minister of ...

Toyota Tsusho Corporation, a Japanese conglomerate, has sealed a deal with the Beninese Electricity Production Company to erect a 25 MW solar power plant in Benin's Pobè region. This venture represents the first large-scale renewable energy project in West Africa by a Japanese entity.

Benin solar accumulator

The Beninese government has announced the doubling of the capacity of the Illoulofin solar power plant in the southeast of the country. Planned for a capacity of 25 MWp, the solar power plant under construction in the ...

The Beninese government has announced the doubling of the capacity of the Illoulofin solar power plant in the southeast of the country. Planned for a capacity of 25 MWp, the solar power plant under construction in the council of Pobè will finally have a capacity of 50 MWp.

Le Bénin travaille à renforcer sa capacité énergétique. Mardi 12 novembre 2024, le ministre de l'énergie, de l'eau et des mines, Samou Seidou Adambi a procédé au lancement des travaux d'une nouvelle centrale solaire ...

Toyota Tsusho Corporation has signed a public-private partnership (PPP) agreement with the new Société béninoise de production d'électricité (SBPE) to develop a 25MW solar power plant in Pobe Municipal Council in the south-eastern flank of the republic of Benin. The facility is the second phase of the Illoulofin photovoltaic solar power plant.

Le Bénin travaille à renforcer sa capacité énergétique. Mardi 12 novembre 2024, le ministre de l'énergie, de l'eau et des mines, Samou Seidou Adambi a procédé au ...
