Chinese company Norinco International plans to buy an 80% stake in Aurora Solar, a firm in Bosnia and Herzegovina that has been granted a concession to build a 125 MW solar power plant near Stolac in the ...

Bosnia and Herzegovina has access to local and global suppliers and distributors of solar power equipment. However, local manufacturers are far and few in between so the best option would be to find global or online suppliers.

Bosnia and Herzegovina (BIH) follows the global trend of strong growth in the installed power of solar photovoltaic power plants. According to the preliminary data, the total power of these power plants

When considering renewable energy, solar energy is far most impressive and promising area of investments. This paper has analyzed the potential that B& H has in the construction of PV plants. Four areas of interest were analyzed: the roof tops of apartment buildings, certain protective parts around the highways, water surfaces made by ...

Two international consortiums plan to invest a total of EUR 160 million in two solar power plants in the municipality of Sokolac in Bosnia and Herzegovina (BiH). At the same time, the Central Bosnia Canton has invited bids for a concession for two photovoltaic power plants in the municipality of Bugojno.

Founded in 2012, Hanwha Q CELLS company is known for its high-quality, high-efficiency solar cells and solar modules, and it offers a wide variety of photovoltaic products, applications and ...

PVTIME - On April 18, PowerChina International Group Limited disclosed that it has signed a EPC contract with the government of Bosnia and Herzegovina for 132MW solar power project in Solbus in Bosnia and Herzegovina.

Founded in 2012, Hanwha Q CELLS company is known for its high-quality, high-efficiency solar cells and solar modules, and it offers a wide variety of photovoltaic products, applications and solutions, solar modules, solar kits, and also large-scale solar power plants.

The solar photovoltaic industry is growing in leaps and bounds as constant technological improvements work to position solar power as a genuine contender to traditional power sources. Power-technology lists the world's biggest solar photovoltaic cell manufacturers based on total shipments made in 2015, including modules, cells and wafers.
