3 ???&#0183; SAN JUAN, Puerto Rico -- The U.S. Department of Energy said Thursday that \$365 million is available to install solar and battery storage systems in homes and healthcare centers across Puerto Rico.

Since its privatization in 2021, LUMA Energy, Puerto Rico's electric utility company, has faced scrutiny for frequent blackouts and rising electricity costs. This unreliable grid has pushed many residents to consider backup electric systems for their homes. Two main options emerge: solar power with battery storage and traditional backup generators.
