CENTROSOLAR Group AG, Munich, is a listed photovoltaics business focusing on roof-mounted systems. Core business of the daughter company Centrosolar AG is plug-and-play integrated systems for private houses as well as building-integrated solutions.

Centrosolar Group AG took over the plant in 2006. New buildings went up at the present location in 2008 and 2011. The plant has since been modernized several times. In 2016, CS Wismar GmbH took over the operations with a team from the former Centrosolar. Centrosolar itself has focused its activities entirely on North America and still sources ...
