

El Salvador's General Superintendent of Electricity and Telecommunications (SIGET) says solar now accounts for 21.1% of the nation's electricity mix, with total installed PV capacity reaching...

Salvadorian solar panel installers - showing companies in El Salvador that undertake solar panel installation, including rooftop and standalone solar systems. 13 installers based in El Salvador ...

During 2023, El Salvador's photovoltaic plants generated around 539,067.71 MWh, which represented 7.13 % of the energy matrix, assured the DGEHM. The energy sector in El Salvador has experienced significant growth in recent years, positioning the country as a regional leader in the transition to renewable, cleaner, and more sustainable sources.

In a move towards sustainable energy, the Executive Hydroelectric Commission of the Lempa River (CEL) recently inaugurated Talnique Solar, El Salvador's first state-owned photovoltaic plant. This initiative, planned, constructed, and operated by CEL's subsidiary, Inversiones Energéticas (INE), signals a significant step in the country ...

Among the photovoltaic parks that are operating or under construction are the San Isidro Photovoltaic Solar Park, in Cabañas Este; the La Independencia 2 Photovoltaic Solar Plant, located in La Libertad Oeste; and ...

According to the Directorate General of Energy, Hydrocarbons, and Mines (DGEHM), during 2023, El Salvador's photovoltaic plants generated approximately 539,067.71 MWh, constituting an impressive 7.13% of the country's energy matrix.

La Agencia de Promoción de Exportaciones e Inversiones de El Salvador PROESA, junto al Ministerio de Economía, MINEC, y la empresa española Ecosolar, inauguraron una nueva planta fotovoltaica en El Salvador, un importante proyecto energético para el país, especialmente en un momento de recuperación económica .

El Salvador's First State-Owned Solar Plant Nears Completion. The Salvadoran Government is making significant strides in the construction of Talnique Solar, a solar power plant set to commence operations by the end of 2023, providing clean energy to approximately 25,000 households.

Solar photovoltaic plant supply and installation services. We innovate with solar photovoltaic plant design, engineering, supply and construction services, contributing to the diversification of the energy matrix in our country and to environmental sustainability.

El Salvador photovoltaic installations

Salvadorian solar panel installers - showing companies in El Salvador that undertake solar panel installation, including rooftop and standalone solar systems. 13 installers based in El Salvador are listed below.

Among the photovoltaic parks that are operating or under construction are the San Isidro Photovoltaic Solar Park, in Cabañas Este; the La Independencia 2 Photovoltaic Solar Plant, located in La Libertad Oeste; and the La Esperanza Solar Plant, in Cuscatlán Norte.
