

Why did Moldova impose a state of emergency?

(AP Photo/Aurel Obreja) CHISINAU, Moldova -- Moldova's parliament on Friday voted in favor of imposing a state of emergency in the energy sector over fears that Russia could leave the European Union candidate country without sufficient natural gas supplies this winter.

Who owns kuciurgan power plant in Moldova?

Russian energy giant Gazprom supplies the gas-operated Kuciurgan plant, which generates electricity that powers a significant portion of Moldova proper. The plant was privatized in 2004 by Transnistrian officials and later sold to a Russian state-owned company. Moldova doesn't recognize the privatization.

Will Moscow cut off gas supplies to Moldova?

The move comes amid growing concerns that Moscow may cut off gas supplies to Moldova, a European Union candidate country of 2.5 million people, as part of its broader strategy to destabilize countries in the region.

How reliant is Moldova on Russia?

Moldova President Maia Sandu speaks during a plenary session at the COP29 U.N. Climate Summit, Nov. 12, 2024, in Baku, Azerbaijan. In October, she won a second term in office. Rafiq Maqbool/AP How Dependent on Russia Is Moldova? Moldova remains heavily reliant on Russian gas despite efforts in recent years to diversify its energy sources.

Why did Moldova lose power in 2022?

In late 2022, Moldova experienced significant power outages due to Russian strikes on Ukraine, which is interconnected with the Kuciurgan plant. The energy vulnerabilities exposed by that crisis have made Moldova especially susceptible to Russian disruptions in gas supplies, particularly while winter temperatures drop.

Could Moscow deliberately weaponize energy flows to destabilize Moldova?

Moldovan Prime Minister Dorin Recean said his country faces an "exceptional situation" in which Moscow could deliberately weaponize energy flows to destabilize the country, and potentially leave people "in the middle of winter without heat and electricity."
