I have an AIO system with 7 HV2600 batteries attached, and all works well. I would however be happy to add a further 4 batteries were that possible. It seems that 7/8 is the maximum number that can be utilised with the AIO, but I see other members of the forum far exceed this - Will for example has 26 batteries.

HV2600 The HV2600 is high-performance, scalable battery storage modules. The modular design allows for maximum flexibility, making them suitable for a broad range of storage applications. Additional batteries can be installed in series, allowing ...
