

Huasun solar Vanuatu

How efficient is huasun's HJT solar module?

Chinese solar cell and module manufacturer Huasun announced that its Himalaya G12-132 heterojunction (HJT) solar module has reached an output of 750.54 W and a power conversion efficiency of 24.16%. TÜV SUD has confirmed the results.

Where are huasun solar panels made?

In March, Huasun started making solar panels at its HJT cell factory in Xuancheng, in China's Anhui province. Currently, it has a production capacity of over 20 GW. In the second half of 2022, Huasun launched the G12 series of HJT solar modules, with a focus on utility-scale projects. This content is protected by copyright and may not be reused.

Who is huasun?

Digging into cutting-edge technical innovation and revolution, Huasun gathers the most experienced talents in HJT field, and forms a super R&D team led by authorities in the industry, to explore effective approaches to improve solar cell efficiency, and pursue the low-cost but productive mass production of HJT solar cells and modules.

Who is Anhui huasun?

Anhui Huasun Energy Co., Ltd (hereinafter referred to as "Huasun"), founded in July 2020, is a technological innovation enterprise specialized in the R&D and large-scale manufacturing of ultra-high efficiency N-type silicon heterojunction (HJT) solar wafer, cell and module.

How huasun HJT PV module can reduce Bos cost?

Due to its leading power and efficiency performance, Huasun HJT pv module can effectively reduce the system BOS cost and result in lower LCOE. No B-O bond causing no LID effect, ensuring long-term durability and more energy. Using cryogenic laser cutting to decrease the power loss and fragmentation.

In a utility-scale PV plant with horizontal single-axis tracking in Saudi Arabia, Huasun's 720W HJT module generates approximately 115 hours (6.95%) more compared to a 660W PERC module, and 71 ...

Anhui Huasun Energy Co., Ltd, founded in July 2020, is a technological innovation enterprise specializing in the development and application of ultra-high-efficient N-type silicon heterojunction (HJT) solar cell and module technology as well as large-scale manufacturing. The company now owns 2.7GW capacity of high-efficiency HJT solar cells and ...

Huasun V-ocean series high-efficient HJT module is specifically designed to meet the demands of offshore solar installations. It represents a cutting-edge and cost-effective solar product.

Huasun solar Vanuatu

Anhui Huasun Energy Co., Ltd (hereinafter referred to as "Huasun"), founded in July 2020, is a technological innovation enterprise specialized in the R& D and large-scale manufacturing of ultra-high efficiency N-type silicon heterojunction ...

Anhui Huasun Energy Co., Ltd (hereinafter referred to as "Huasun"), founded in July 2020, is a technological innovation enterprise specialized in the R& D and large-scale manufacturing of ultra-high efficiency N-type silicon heterojunction (HJT) solar wafer, cell and module.

Anhui Huasun Energy Co., Ltd (hereinafter referred to as "Huasun"), founded in July 2020, is a technological innovation enterprise specialized in the R& D and large-scale manufacturing of ultra-high efficiency N-type silicon heterojunction (HJT) solar wafer, cell and module.

High-efficiency HJT solar cells and modules. Make Order Now! As the industrial pioneer of heterojunction technology in China, Huasun has delivered over 1GW of HJT products to over 20 countries around the globe.

Huasun Energy has successfully delivered 1,386 V-Ocean heterojunction (HJT) solar modules for the 800 MW Phase 1 of Power Construction Corporation of China's (Power China) offshore PV project in Jimo...

Chinese solar cell and module manufacturer Huasun announced that its Himalaya G12-132 heterojunction (HJT) solar module has reached an output of 750.54 W and a power conversion efficiency of...

During my six-day visit to Ningxia Province in Northwest China, I witnessed one of the most inspiring projects that could hold the key to tackling climate change for Pacific nations like Vanuatu. In the heart of the desert, the Zhongwei Longyuan New Energy Company has been leading a massive solar energy project that not only generates renewable ...
