

IETEK Singo2000pro South Africa

What is IETEK Singo2000plus portable power station?

IETEK Singo2000Plus portable power station is designed with Enhanced Dynamic MPPT algorithm, achieving over 99.9% MPPT efficiency. Dynamic voltage tracking ensures PV charger always operates at the actual maximum power point, while solar radiation varies throughout the day. It's the best solar generator for home backup power.

How does IETEK Singo2000plus solar generator work?

IETEK Singo2000Plus solar generator comes equipped with a UPS function that switches as a backup power source within 10 milliseconds once placed between the loads and the grid. It can be charged using grid power, and the charge circuit cuts off once the battery is fully charged. Versatile Charging Outputs

How many output ports does IETEK Singo2000plus have?

IETEK Singo2000Plus features 13 output ports across 6 types, allowing you to charge 13 devices simultaneously, including an optional wireless charger to satisfy your various charging needs. Power on the Go

Discover why the IETEK Singo2000Pro is hailed as the best portable power station, revolutionizing the way we stay powered on-the-go. Massive Capacity and Convenient Wireless Charging. At the heart of the Singo2000Pro lies its remarkable capacity of 1920Wh, ensuring a long-lasting power supply for all your devices and appliances.
