

Inman solar Christmas Island

Who is Inman solar?

Inman Solar is both an Owner/Operator of solar farms as well as a trusted partner to many investors. Because of our EPC experience, and financing capabilities, we often can create value for investors above and beyond what a developer can alone. Let's start a conversation and see how we can work together.

How does Inman solar work?

Inman Solar starts with a comprehensive engineering process that utilizes our extensive experience on a large variety of project sizes, and configurations. We then optimize our design through value engineering the design as well as utilizing our vendor relationships.

Why is Inman solar a preferred EPC contractor?

Contact us for references who can share why Inman Solar is their preferred EPC Contractor. Equipment sourcing leveraging longtime industry relationships. Inman Solar works with all stakeholders to take a project from inception to completion.

Did Christmas Island propose a wave generator?

This is all a bit late, and sad, several years back the residents of Christmas Island proposed a wave generator and had and were denied the opportunity and so now at the 11th hour they propose a poor cousin.

Our experienced team has a keen eye for selecting the most suitable sites, optimizing solar potential, and acquiring appropriate permits for distributed solar projects. We negotiate the land control documents and required easements ...
