Who are Manx solar electrical?

You might be surprised! 2019 Manx Solar Electrical Ltd. Registered in the Isle of Man No. 127 689C. VAT Registration No. 004 6877 73 The Isle of Man's leading renewable energy provider, Solar PV, Heat Pumps, EV Charging, Tesla Powerwall, Solar Edge, Stiebel Eltron, Dimplex, Mitsubishi, JA Solar.

Is it time to install solar panels in the Manx?

Even on a bright Manx winters day a panel can generate a considerable amount of electricity (perhaps 30% of capacity). There is something very satisfying about receiving an energy bill from Manx Utilities which is not only zero, they might pay you because of excess energy sold to the grid. There has never been a better time to install solar.

Why should you go green on the Isle of Man?

go green promote clean energy technologies on The Isle of Man. Reduce your environmental impact, one carbon-footprint at a time. Air Source Heat Pumps (ASHP). At a price which does not cost the earth, go green today.

We install Solar Pv, Tesla Battery Storage, EV chargers and heat pumps. As the first company in the Island to brand solely as a renewable energy installer, we have a wealth of experience and knowledge to pass on to our customers.

A Battery System can make full use of the power generated by your solar panels, ensuring that any unused power is stored on site to be used later when needed. If your electricity is supplied with two rates (a day rate and cheaper night rate), the solar + battery combination ensures that peak rate electricity usage is kept to a minimum.

We install JA Solar and Sun Power Photovoltaic systems, on-roof, in-roof or ground mounted. We always recommend to use Solar Edge optimisers and inverters to boost output. Solar panel electricity systems, also known as photovoltaics (PV), ...
