

Kraftfeld energy Liechtenstein

What makes kraftfeld a great solar company?

The ability to take a solar project from start to operation is our greatest asset today. Since 2009 Kraftfeld has built the expertise and networks necessary to develop, execute and operate solar parks. Today this is the basis for the successful expansion of our own portfolio.

Where are kraftfeld solar farms located?

Kraftfeld started a pipeline of large solar farms in Hungary, Romania and Austria in 2019. The company now has several hundred megawatts under development in these core markets. Kraftfeld has offices in Vienna, Budapest, and Bucharest. An in-house trading team sells the power produced by its assets via PPAs and on the spot market.

Who is kraftfeld?

Passionate. Kraftfeld was founded in 2009 as Pressburg Partners. The company has developed and operated solar farms in six European countries. During this time it has acted as developer, operator and investor. Kraftfeld's track record includes projects with an investment volume for the period of more than 300 million Euros.

Who is Florian from kraftfeld & what does he do?

Florian focuses project development and legal matters. As a co-founder he has been with Kraftfeld since 2009. He started his career advising international energy companies on their expansion in CEE. He built up his expertise in renewable energy while working at an energy investment firm.

What is kraftfeld's track record?

Kraftfeld's track record includes projects with an investment volume for the period of more than 300 million Euros. Today Kraftfeld manages its solar assets and works to expand its portfolio.
