

We're innovating the sector by choosing technology for inshore energy conversion. These are: always active and working, advantageous in terms of costs and benefits, and environmentally friendly. In contrast, working offshore requires invasive installations in relation to the surrounding environment, extended development time and lack of ...

We want to be the preferred energy solutions partner for all commercial and industrial customers. We have a relentless focus on adding value to our customers' businesses by understanding and meeting their needs. Working closely with customers, from agriculture to mines, we tailor our energy solutions to their specific needs.

We are proud to serve the world's leading airlines and airports. Whether they need Jet-A1 or AVGAS, our customers know they can rely on us 24/7 to meet their needs - ensuring security of supply, high-quality fuel approved to international standards and fast turnaround times.

? Discover our wide range of lubricants for all your vehicle maintenance and care needs! ? Formulated with high-quality base oils and specialized additives, making them a reliable choice.?? ? Remember: Stop, fuel, and keep going with Puma Energy.

This document presents Belize's Energy Report Card (ERC) for 2020. The ERC provides an overview of the energy sector performance in Belize. The ERC also includes energy efficiency, technical assistance, workforce, training, and capacity building information, subject to the availability of data.

29 March 2011 - Puma Energy has agreed to acquire ExxonMobil's fuels marketing and supply businesses in Belize, El Salvador, Guatemala, Honduras, Nicaragua and Panama. Puma Energy was formed in 1997, and has grown rapidly to become one of the world's largest independent downstream companies.

Puma Energy is passionate about serving our communities and providing our customers with the products and services they want. Puma Energy supplies motorists with all their fuel, lubricants, refreshments and convenience shopping needs across our network of nearly 2000 retail sites.

Puma Energy is the sole importer of petroleum products in the country and is a key player in Belize. In addition to importing fuel, we distribute products throughout the country via our retail, aviation, business-to-business and supply outlets, which we acquired in 2012.

At Puma Energy, we always put our customers first - offering a great all-round experience all-day every day. We're passionate about serving our communities and providing our customers with the products and services they want, when they want them, at a competitive price.
