

July 26, 2023 - Solarvest has secured a contract with Dexcom Malaysia Sdn Bhd to install a 3.6 megawatt-peak (MWp) solar photovoltaic (PV) system at its manufacturing facility in Batu Kawan, Penang, the largest of its kind in the area.

June 8 - Dell Technologies has announced the implementation of its largest on-site solar panel installation globally at the Dell Technologies Asia Pacific Customer Centre in Bukit Mertajam, Penang. Dell Technologies said the solar photovoltaic system worth RM2.25 million is also a first in Southeast Asia for a Dell Technologies facility.

Kuala Lumpur, 26 July 2023 - Clean energy expert, Solarvest Holdings Berhad ("Solarvest" or the "Group") has secured a contract with Dexcom Malaysia Sdn Bhd ("Dexcom") to install a 3.6 megawatt-peak ("MWp") solar photovoltaic ...

MANY opposition-slant keyboard warriors are seemingly slamming the Madani government over the recent shutdown of the Jinko Solar Technology Sdn Bhd plant in Perai, mainland Penang, attributing this to ...

MANY opposition-slant keyboard warriors are seemingly slamming the Madani government over the recent shutdown of the Jinko Solar Technology Sdn Bhd plant in Perai, mainland Penang, attributing this to mismanagement of the Malaysian economy when this might not be the case.

June 8 - Dell Technologies has announced the implementation of its largest on-site solar panel installation globally at the Dell Technologies Asia Pacific Customer Centre in Bukit Mertajam, Penang. Dell Technologies said ...

JinkoSolar, the world's largest solar module producer, initially broke ground on the first phase of a new research and development center in Penang, Malaysia in July 2016, with a total...

Dell Technologies has announced the implementation of its largest on-site solar panel installation globally at the Dell Technologies Asia Pacific Customer Centre (APCC2) in Bukit Mertajam, Penang. The solar ...

Jinko Solar continuously expands the diversified application scenarios of photovoltaic technology, including building-integrated photovoltaic, photovoltaic hydrogen production, energy storage and other fields, and strives to create a new energy ecosystem.

Kuala Lumpur, 26 July 2023 - Clean energy expert, Solarvest Holdings Berhad ("Solarvest" or the "Group") has secured a contract with Dexcom Malaysia Sdn Bhd ("Dexcom") to install a 3.6 megawatt-peak ("MWp") solar photovoltaic ("PV") system at its manufacturing facility in Batu Kawan, Penang, the largest of its kind in

the ...

According to records, JinkoSolar plans to invest \$221.27 million USD to build a production line with an annual output of 1.8GW photovoltaic modules and 1.8GW solar cell in Penang, Malaysia through its overseas wholly-owned subsidiary JinkoSolar (Malaysia) Sdn. Bhd.

The Chinese solar module producer has secured a manufacturer's licence under the country's national economic recovery plan, enabling it to design, develop and produce PV cells and modules through its ...

The Chinese solar module producer has secured a manufacturer's licence under the country's national economic recovery plan, enabling it to design, develop and produce PV cells and modules through its local arm Risen Solar Technology Sdn Bhd. Its proposed 15-year investment plan covers the period 2021-2035, the Malaysian government said.

Dell Technologies has announced the implementation of its largest on-site solar panel installation globally at the Dell Technologies Asia Pacific Customer Centre (APCC2) in Bukit Mertajam, Penang. The solar photovoltaic system, valued at RM2.25 million, is also a first in Southeast Asia for a Dell Technologies facility.
