

Lesotho the solar warehouse

At Solar African Legacy PTY LTD, we specialize in delivering comprehensive solar energy services across Lesotho. From installing off-grid solar power systems and solar geysers to refurbishing panels and providing clean energy accessories, our goal is to empower communities with sustainable energy.

High-Quality Solar Products. We offer top-tier solar panels, inverters, batteries, and other components from trusted manufacturers, ensuring reliability, efficiency, and longevity for your solar system.

OnePower (1PWR) is a solar power developer based in Lesotho with both on-grid and off-grid projects. A consortium led by 1PWR won Lesotho's first tender for a utility scale 20MW PV plant, and 1PWR designed, built and operates the nation's first fully licensed and privately financed minigrid at Ha Makebe in Berea district.

Mahlaseli Energy is a renewable company that provides solar energy solutions as well as water solutions in Lesotho. In our commitment to the country and planet, we shine bright and hydrate deep, paving the way for a greener, more vibrant future.

Imported electricity comprised 41% of volume and 86% of cost. This put enormous pressure onto the Government of Lesotho and the state owned Lesotho Electricity Company (LEC). Frazer Solar developed a multifaceted project that would dramatically improve the situation by reducing electricity imports.
