What are Lion Energy Safari UT batteries?

Lion Energy Safari UT batteries are premium high-performance Lithium Iron Phosphate (LiFePO<sub>4</sub>) batteries. Check out our top-notch collection of batteries today!

Who is Lion Energy?

Lion Energy is an American company based out of Utah that has been creating solar products and specializing in making lithium batteries since 2012. We are going to be diving into its new flagship product - the UT 1300, 105Ah lithium battery, replacing its previous best seller, the UT 1200.

Is the Lion Energy UT 1300 a good battery?

The article recommends the Lion Energy UT 1300 as a budget-friendly, high-quality lithium battery option for various applications. It addresses past concerns about Lion Energy's battery ratings, noting that the UT 1300's specifications are accurate.

Is Lion Safari UT 1300 Battery safe?

The Lion Safari UT 1300 is made from Lithium Iron Phosphate and is the safest battery technology on the market. Because it does not emit any toxic fumes or gases, you can use it inside your home, tent, RV or any other confined area.

Did Lion Energy advertise a bigger battery?

The product tester felt that Lion Energy was advertising its battery as larger than it actually was, with a rating of 100 aH that was closer to 90aH in reality. He admired the quality of the battery itself, but was dismayed at what he perceived as false advertising.

Does Lion Energy offer a lifetime warranty?

Lion Energy is so confident that it has created the most reliable battery on the market that it offers a lifetime warranty on its battery.
