

Madagascar sinkeu portable power station

What is a sinkeu power station?

Portable Power Stations: SinKeu's range of portable power stations, such as the 600W model with a 296Wh lithium battery, offers a reliable power source for outdoor adventures and emergencies. These stations can power multiple devices simultaneously through diverse ports, including USB-C and carports.

How many volts can a sinkeu power station take?

The SinKeu power stations can accept a voltage input between 13V and 23V. We recommend using a solar panel with at least 40W of power. The charging time will depend on the sunlight intensity and the solar panel's power. For example, you can use a 40W foldable solar panel to recharge the power station when camping or during power outages.

How many devices can a sinkeu portable power station charge?

SinKeu portable power station can recharge itself and charge 9 devices at the same time. **ADVANCED BACKUP POWER SUPPLY:** BMS system built-in Intelligent chip to achieve precise temperature control, overvoltage protection, overcurrent protection, short circuit protection and error alarm.

Does the sinkeu power station support pass-through charging?

Yes, the SinKeu power station supports pass-through charging, allowing you to charge your devices while the power station itself is charging. However, for better battery maintenance, it's not recommended to charge devices that draw more than 50W while the power station is charging.

Portable power station: 99 WH power station, 3 USB outputs (1 USB-C), 1 AC 150 W MAX, 2 DC 12 V outputs (not constant). 27000 mAh mobile power storage, charges an iPhone (3800 mAh) approx. 6-7 times, built-in 3W LED light source, perfect portable power supply to extend your outdoor camping time or as an emergency power supply in case of power ...
