

Can a Magna fuel tank be installed in a car?

All the components, including mandatory impact protection, are accommodated in a single frame, so installing them in the vehicle is quick, simple and safe. Learn more about Magna's fuel tank systems for cars, trucks or alternative energy storage systems.

Why should you choose Magna for your fuel tank system?

Magna are experts in fuel tank systems and filler pipe technologies, regardless of whether they are plastic or metal. Magna also produces many of the components required to manufacture filler pipes, so we can find design solutions that provide optimum performance and the highest levels of safety.

Who is Magna fuel tank?

Magna is an independent, global leader in the automotive sector, and a key partner for a wide range of OEMs. We have decades of experience producing fuel tank systems at high volumes, and we make sure our customers get the benefit of that experience.

Does Magna manufacture fuel tank caps?

As well as fuel tank systems, Magna also develops and manufactures the associated caps and components. Our range encompasses filler, urea, oil and radiator caps. Our reliable products meet the toughest safety and environmental standards, at the same time as providing maximum ease-of-use for the driver.

Ot??e firmy Magna Energy Storage, pod kterou pat?í výrobní závod baterií v Horní Suché u Haví?ova, p?evezme profesionální management. „Ji? jsem p?esluhoval a od za?átku projektu jsem deklaroval, ?e po rozjetí a ...

Spole?nost Magna Energy Storage a.s. byla zalo?ena v kv?tnu 2017 s cílem vybudování nového závodu na výrobu vysokokapacitních baterií baterií HE3DA v Pr?myslové zón? Franti?ek, ...

The energy storage system is one of the key figures during the vehicle layout and architecture. Related to the propulsion system it will mandatory affect the complete vehicle targets and therefore we support our customer during specification, selection and integration of the proper system components.

Spole?nost Magna Energy Storage a.s. byla zalo?ena v b?eznu 2017 s cílem vybudování nového závodu na výrobu vysokokapacitních baterií baterií HE3DA® v Pr?myslové zón? Franti?ek, ...
