Do solar panels work in Nepal?

Elsewhere in Nepal, particularly in the big hotels, there are indeed real electronic solar panels used to charge up batteries. But, it's a rarity. Nonetheless these painted black pipes do work for water heating. There is no question about it. And, I have no problem with it. Some of the best showers I've ever had have been in Nepal.

Lotus Solar designs and installs solar energy systems for both residential and commercial customers to help reduce or eliminate their electric bills by using clean solar photovoltaic energy. We are a close-knit team of installers, energy consultants, customer care specialists, and engineering staff.

Sunshine Energy Pvt. Ltd. (SSE) is one of the leading solar companies in Nepal and we are dedicated to providing alternative energy promotion in Nepal. We are a private company, established in the year 2004 and certified with the ISO 9001:2008 standard quality based on Samakhushi, Kathmandu Nepal.

Choosing the right solar installation company and panels is a critical component in successfully adopting renewables, such as solar energy, in Nepal. Opt for companies with a reputation for excellence, evidenced by customer testimonials and industry certifications.
