

New Caledonia easyli advanced battery systems

Who is easyli advanced battery systems?

easyLi Advanced Battery Systems |2,135 followers on LinkedIn. Concepteur et fabricant de batteries sur mesure, des solutions de stockage d'énergie Lithium-ion à hautes performances |easyLi designs, manufactures, sells and maintains tailor-made Lithium-ion batteries and turnkey energy storage systems.

What makes easyli a sustainable Battery Company?

Founded in 2011, easyLi's ambition is to work toward a sustainable energy transition by offering high-performance, long-lasting battery solutions. Backed by a team of experts with more than 20 years of experience in the battery industry, we aim for environmental excellence, basing our business model on the #DesignForRepair concept.

Why should you choose easyli battery repair & reconditioning services?

Optimize your costs with our battery repair and reconditioning services. Ensure optimal battery safety thanks to our 360 Design Control process. Founded in 2011, easyLi's ambition is to work toward a sustainable energy transition by offering high-performance, long-lasting battery solutions.

Who is easyli?

Their ambition: to provide innovative energy storage solutions to clean energy stakeholders in France, in Europe and on a global basis. Thanks to the 20-year+ experience of its founders, easyLi has quickly become a recognized specialist of innovative energy storage solutions for e-mobility and smart building organizations.

Experience : easyLi Advanced Battery Systems ; Lieu : Vouneuil-sur-Vienne ; 117 relations sur LinkedIn. Consultez le profil de Emmanuel Vincent sur LinkedIn, une communauté professionnelle d'un milliard de membres.

easyLi designs, industrializes, manufactures and maintains custom battery systems for electric mobility, onboard energy systems, solar photovoltaic energy storage solutions for home and smart city applications. We base our solutions on electrochemical ...
