

Will Qatar sign a \$30bn liquefied natural gas deal with energy firms?

Qatar is slated to sign more deals with energy firms for a nearly \$30bn project that will solidify its position as a global liquefied natural gas leader. A man looks at the liquefied natural gas (LNG) tanker DUHAIL, built to transfer LNG from Qatar to abroad [File: Reuters]

Will liquefied natural gas come to Qatar in 2026?

European nations are scrambling to find alternatives to Russian oil and gas, and LNG from Qatar's North Field is expected to start coming on line in 2026 after TotalEnergies agreed a \$2 billion deal to take part in the giant North Field East project, which will help Qatar increase its LNG production by more than 60 percent by 2027.

Why is natural gas important in Qatar?

Undoubtedly, natural gas is Qatar's core business and the country is conducting that in the most professional and responsible way. Natural gas is also part of the solution in the ongoing energy transition and that it will be a requirement for sustaining the development of the world for at least a few decades.

Will TotalEnergies be a partner in Qatar?

Saad al-Kaabi, who is president of QatarEnergy and also Qatar's minister of state for energy, said the selection process for partners has been finalised and subsequent signings could be announced as soon as next week. No company will have a stake higher than TotalEnergies, he added.
