Source: MAN Energy Solutions News. MAN Diesel & Turbo successfully commissioned eight type 18V48/60 engines in the new "Planta MAN 140" power plant in Los Brasiles, Nicaragua and handed them over to the operator, ALBA Generaci&#243;n S.A. Based in Augsburg, the company is also responsible for engineering and delivery of the engines and ...

Nicaragua is an energy-poor and agriculture-dependent country. While the cattle and dairy sector is a dominating force among the country's agricultural sectors, its productive output is remarkably low compared to that of neighbouring countries. Inefficient herding and farm management leads to hygiene issues, high loss of livestock and low production.
