

Off grid solar system price Fiji

From the design of small village solar power systems to the installation of the grid and off-grid systems, we can offer a solution to suit the needs of domestic, commercial, tourism, and rural clients. Clay Engineering specializes in renewable energy power systems and the design of remote infrastructure services.

Solar energy provides businesses in Fiji with more predictable and stable energy costs compared to traditional fossil fuels, which are subject to price fluctuations and geopolitical uncertainties. By generating their own electricity from solar power, businesses can hedge against future energy price increases.

Commercial Victron off Grid Solar System for Ministry of Fisheries Rabi Island, Fiji; Grid Connect Solar System for Phama Plus and Road King Farms in Taveuni, Fiji Islands; Commercial 3-Phase Victron Off Grid Solar System in Namosi, Fiji; Commercial Victron Off Grid Solar System for Vatulutu Resort, Fiji; Our First Hybrid Solar System in Tuvalu ...

Off-grid solar systems with battery storage are ideal for locations without access to the electrical grid. However, compared to grid-connected systems, off-grid solar power systems are expensive. Therefore, system capacity sizing and choosing ideal system components are ...
