The charging time depends on the battery capacity and the charging speed of your power station. We use the following formula to estimate the charging time: Estimated Charging Time = (Battery Capacity / Charging Speed) * 0.85 Please note that this is only an estimate. For example, to charge a Mega 5 with AC power (maximum charging speed of 1800W and capacity of ...

OUPES online ordering was a breeze. OUPES online ordering was a breeze. I did have some questions on pricing since I was ordering close to the Black Friday sale and contacted customer support. They got back in a timely manner and answered my questions. Delivery was a little different, not an OUPES issue but rather FedEx.
