

Palladium energy batteries Gabon

The ad hoc joint venture established by the two entities, Lion Battery Technologies, has struck a deal with the American Battery Innovation Center (BIC) to bolster efforts in commercializing their platinum and palladium-based battery technologies. BIC will conduct a series of small and large-scale trials alongside additional research endeavors ...

ICCNexergy and Palladium Energy (ICCN+Palladium) merged earlier this year and formed one of the world's largest portable power solutions partners. Today, we are pleased to share that we have successfully completed our integration as one company and are celebrating this key milestone with the launch of our new name and brand.

Dr. Kerry Lanza, Palladium Energy Lithium-ion batteries have earned and substantiated their label as a "green technology." The US Environmental Protection Agency (EPA) considers lithium-ion batteries "safe" for disposal in contrast to nickel-cadmium and lead-based battery products, which can cause environmental issues with careless ...
