

Panel solar 1500w Sweden

Who makes swemodule solar modules?

Solar Modules produced at SweModule by Renewable Sun Energy Sweden AB are designed for various markets and applications. High quality production, combined with strictest process control, ensure maximum lifespan and the highest performance. Next generation goes off grid. Read about the fully solar-panel driven Villa.

Who makes solar modules?

Solar module factory with 120 MW capacity started by REC Solar in 2003. Since September 2016 owned by Renewable Sun Energy Sweden AB. It's one of the most modern and automated module production facility in Europe. Solar Modules produced at SweModule by Renewable Sun Energy Sweden AB are designed for various markets and applications.

What is a wavy solar panel?

A wavy solar panel that follows the shape of roof tiles. The product is sold as a retrofit on your existing roof tiles or as a complete roof replacement. Why choose Midsummer? Midsummer's solar cells are a Swedish innovation and are manufactured both in Sweden and Italy.

What are Midsummer solar panels made of?

Midsummer's solar panels consist of thin-film solar cells of the CIGS type, which makes them thin, light, flexible and discreet. The solar panels are placed on different types of roofing material, e.g. sheet metal, roof tiles or roofing felt, where the end product becomes a discreet solar roof. Where are your solar panels produced?

Are solar panels a good investment?

Solar panels on your roof are more than an investment in green energy. Solar cells also add value the day you want to sell your house. Try our solar panel calculator and figure out how much you could have earned by acquiring solar panels. Calculate your roof.

What is a flexible solar panel?

A flexible solar panel with record low weight, adapted for large roof surfaces. The product is sold as a retrofit on your existing roof or as a complete roof replacement. A combination of thin solar panels and a seamed metal roof. The product is sold as a complete roof replacement and is customised to the length of your roof.
