What is a solar power purchase agreement (PPA)?

Home &#187; Solar Power Purchase Agreement (PPA) Explained: A Comprehensive Guide In the dynamic landscape of renewable energy, the Solar Power Purchase Agreement (PPA) has emerged as a game-changer, offering individuals and businesses a pathway to harness solar power without the burden of upfront costs.

What is a solar power contract?

A solar contract is a signed agreement between a person and a solar power installation company that clearly outlines every part of the solar panel installation process, including the steps before, during, and after the actual installation, and who is responsible for each.

What is a power purchase agreement (PPA)?

A Power Purchase Agreement (PPA) refers to a contractual agreement between two parties, typically a power producer and a customer. The producer usually arranges the design, gains the necessary permissions and manages the installation of a solar PV system on the customer's property at little to no cost.

Should you sign a solar PPA?

Here are some of the biggest advantages of signing a solar PPA: The biggest advantage of PPAs is that they offer immediate cost savings without upfront capital investment. Purchasing and installing solar panels can be quite costly, especially if you're planning to use them to power your entire business.

What should a solar power contract include?

The point of your solar power system is to generate electricity so you can reduce the amount you draw from the utility grid. This section of the contract should outline your average estimated energy production, or how much power your panels can produce. It may also include your annual home electricity consumption before installing solar.

What should I know before signing a solar energy contract?

Pay special attention to any language that connects you with the installation company, and outlines what you can expect the company to do for you. This guide is designed to provide a clear walkthrough of what you should know before signing a rooftop solar energy contract. What Is a Solar Power Contract?
