

# Power home solar llc United States

What is Powerhome Solar?

Powerhome Solar, LLC is a company that Johnson and the Jarboes found online. Amy Jarboe was interested in solar panels and after meeting with their salesperson, decided to invest in a 25-year loan.

Is US Home Solar a legitimate solar company?

U.S. Home Solar is not a real solar company, but rather a representative for various solar companies in your area. People are required to go through a process and appear as good leads for the spam callers to pass on to the actual solar providers that keep these companies in business.

Are creditors required to attend a power home solar bankruptcy meeting?

Please note that creditors are not required to attend. While the Bankruptcy Administrator in this district has adopted procedures to conduct 341 meetings using video conferencing, the technology available to this office cannot accommodate video appearance by all creditors interested in the Power Home Solar bankruptcy case.
