

Puerto Rico shoto battery

How much money does Puerto Rico have to pay for solar?

Up to \$190 million is available to Puerto Rico's Housing Administration and a private company to pay for solar and battery installations in public housing common areas and subsidized, multifamily housing properties. Another \$175 million is available for certain healthcare and dialysis centers.

Does Puerto Rico have a high energy cost?

Puerto Rican residents pay energy costs significantly higher than the U.S. average. According to the Climate and Economic Justice Screening Tool, the Commonwealth of Puerto Rico, including the communities surrounding the Salinas and Jobos projects, faces some of the greatest energy burdens in the United States.

Where in Puerto Rico will a power plant be located?

The facilities will be located in the municipalities of Guayama (Jobos) and Salinas and will help deliver clean, reliable, and affordable power to communities throughout Puerto Rico.

Shoto Lithium Battery 48V 5.12kWh 100Ah. Shoto is a leading manufacturer of green energy storage solutions.
