

# Ram power systems ltd Cook Islands

The new system, which will be solar powered with AC backup, will also have the advantage of reducing power consumption from the main grid and providing redundancy of operation with secondary power supply. ICI will also be working with the Aitutaki Island Government and the supplier on installing the news system.

1.1 Cook Islands The Cook Islands is located in the South Pacific Ocean northeast of New Zealand, covering a land area of 240 km<sup>2</sup>; and a population of 19,000. The archipelago is comprised of 15 islands, 12 of which are inhabited, divided into two distinct groups: the Northern Group and the Southern Group (Figure 1).

Rarotonga's power supplier Te Aponga Uira ... In a statement issued to Cook Islands News last night, TAU said Thursday's outages were directly attributable to the load control challenges brought on by network reconfiguration necessary for power supply, as a result of the cross- island cable fault. ... Because of this complexity, large power systems require time to transition to 100% renewable energy as they plan, implement, measure outcomes and adjust plans progressively. This is best viewed as a journey, requiring a long term commitment by all stakeholders. Large island power systems may be limited to RE in the range of 50 to 60%.
