Abu Dhabi Future Energy Company (Masdar) has announced that it has nearly doubled its clean energy capacity and CO2 displacement in just two years and is on track to fulfil its ambition of ...

Masdar (Arabic:????), also known as the Abu Dhabi Future Energy Company, is an Emirati state-owned renewable energy company. It was founded and chaired by Sultan Al Jaber in 2006 as a subsidiary of Mubadala Investment Company. The company is responsible for development of Masdar City, which headquarters the International Renewable Energy Agency.

Our Company Based in Abu Dhabi, Masdar is one of the world's fastest-growing renewable energy companies and a pioneer in advancing the clean energy sector since 2006. Masdar is a key enabler of the UAE's vision as a global leader in sustainability and climate action, supporting the UAE Consensus and the legacy of COP28.

Abu Dhabi Future Energy Company PJSC - Masdar, one of the world's leading clean energy companies, has announced that it has nearly doubled its clean energy capacity and CO2 displacement in the space of two years, and is on track to fulfill its ambition of becoming one of the world's largest renewable energy companies by 2030.

Active in more than 30 countries, Masdar is one of the largest developers of renewable energy projects in the Middle East. Its projects have an electricity generating capacity of 11GW. It displaces over 16 million tons of carbon dioxide per year.

The Abu Dhabi-based group aims to become one of the biggest renewable energy companies in the world if it achieves its target, with more capacity than rivals Iberdrola of Spain, Engie of...
