

Saint Martin solar loan in

How to buy a solar system on Sint Maarten?

Many banks already offer so-called "green loans", financing the purchase of your solar system on Sint Maarten for a monthly installment that may be even lower than the monthly price you pay for electricity now. Even though the calculation below is as up to date as possible, it is still an indication.

How much does electricity cost on Sint Maarten?

On Sint Maarten, the costs per KWh calculated in 2012 is ANG 0,73. If you are a home owner, commercial property owner or owner of an industrial building on Sint Maarten, please have a look at your electricity bills and calculate the average amount of KWh you use and the money you spend on electricity per year.

Should I buy a solar panel with a personal loan?

Financing a solar panel purchase with a personal loan may be a good option if you need the loan proceeds quickly. It also makes sense if you have solid credit scores and will likely qualify for the most competitive interest rates.

Should I get a FHA or Fannie Mae loan for solar panels?

The FHA and Fannie Mae loans may be the way to go if you're purchasing a home and want to have solar panels installed simultaneously. They can also be smart choices for solar financing if you aren't eligible for personal loans with reasonable rates.

What is the best type of solar panel financing?

For many people, the best type of solar panel financing is probably a personal loan for solar. A personal solar panel loan will come with fixed interest rates and fixed monthly payments that never change during the life of the loan. Some home improvement loans have higher limits or longer terms to make it easier to pay for more expensive options.

Are home equity loans a good choice for solar panels?

Home equity loans and HELOCs are a good choice for solar panel financing if you have sufficient equity in your home and have determined that solar panels are likely to add value to it. This kind of equity-backed loan for solar is also worth considering if you don't qualify for a personal loan with a good rate because of your credit.
