

San Marino monk fryston bess

The clean energy division of Scotland-based utility SSE plc will almost double the scale of its battery energy storage system (BESS) portfolio when it completes the project at Monk Fryston, in North Yorkshire.

SSE Renewables, a unit of SSE, has reached a final investment decision (FID) on a 320MW battery energy storage system (BESS) project in Monk Fryston, Yorkshire, UK. One of the largest BESS projects in the country, this 320MW/640 megawatt-hour project is SSE Renewables' third project to reach the FID stage after its 50MW Salisbury and 150MW ...

Morrison Energy Services, a part of M Group Services' Energy Division, has been appointed as the project's principal contractor, and Sungrow will supply the battery energy storage system (BESS). Located in Monk Fryston, North Yorkshire, the site aims to energise in late 2025 after SSE made a final investment decision on the project back in ...

The BESS will be installed in the village of Monk Fryston and will be capable of storing electricity to meet the demand of roughly 533,000 homes for up to two hours during times of peak demand. It is expected to become operational by early 2026.

SSE Renewables is set to commence work on what will be one of the UK's biggest battery energy storage systems (BESS). It has taken a Final Investment Decision (FID) to move forward with the 320MW/640MWh Monk Fryston BESS, with construction now set to kick off in the coming months.

Construction of the Monks Fryston BESS officially started yesterday (8 October), as confirmed by a ceremony that included project partners Morrison Energy Services and Sungrow, the energy storage supplier, along with SSE Renewables. The BESS aims to energise in early 2026 after SSE made a final investment decision on the project in November 2023.

The renewable energy IPP arm of UK utility SSE is to start building a 320MW/640MWh battery energy storage system (BESS), which could be the largest under-construction in the country. The company has taken a final investment decision (FiD) on the Monk Fryston project in Yorkshire, north England, and will now proceed with construction, it said ...
