The Zeonbud project in Ukraine provides for an interesting case study where the benefits of a satellite powered DTT network are noticeable. Yaroslav provided us with his insight regarding our questions about the project. SES concluded a large project in Ukraine with Zeonbud some years ago. What was the project about?

Delivering connectivity and being connected to our roots is important to SES. Together with another Betzdorf-based organisation, Institut St Joseph (group elisabeth) and supported by the Municipality of Betzdorf, we worked with a Luxembourg-based artist Alexandra McKell to create a mural art that brings across our joint beliefs of building a connected and inclusive world.
