

# Smart home solar panels Christmas Island

Why did we install solar & battery storage systems on Christmas Island?

Christmas Island - home to the greatest migration of red crabs in the world, and an island that is almost all national park. We installed solar and battery storage systems at two sites on Christmas Island for Parks Australia to provide clean power to their main headquarters and research field station.

Does Christmas Island National Park have solar & battery storage?

Solar and battery storage for Christmas Island National Park. Christmas Island - home to the greatest migration of red crabs in the world, and an island that is almost all national park.

Can solar power a seed cleaning shed on Christmas Island?

As part of a scientific research focusing on agriculture on exhausted mining areas, a seed cleaning shed on Christmas Island is being powered by solar+storage.

What is a smart solar panel & how does it work?

It's the same strategy that installers have used with backup generators for decades. A smart panel offers extra flexibility. It works like an air traffic controller between your solar battery and your home's energy needs, monitoring your power usage and adjusting the power flow based on rules that you (or your installer) set in an app.

Do smart solar panels need a battery backup?

In some parts of the country, new building codes mandate an electrical system that makes it easy to tie in solar panels and a battery backup. Many smart panels meet those requirements more elegantly than traditional setups would, with clunky main-panel /sub-panel designs.

How much does a solar panel cost?

Great add-on for solar batteries. Some smart-home chops. Only "smartens" 12 circuits, but is still relatively expensive. \$2,500 for the panel. Up to \$5,000 w/ installation. A full, code-compliant electrical panel. Every circuit is controllable via app. Can help sidestep an expensive electric service upgrade. Expensive.

Commercial Solar Installation. Harnessing the Power of Solar Energy for Your Commercial Building in Hawaii with RevoluSun.
