SiNergy SL Ltd. is an energy solutions provider focused on the design procurement installation and support of PV solar energy and battery backup solutions in Sierra Leone. As a locally developed entity we have over the years understood our environment and the specific requirements needed in deploying successful PV solutions.

## Solar batteries for solar panels Sierra Leone

A 51.2kWp ground-mounted solar system has been installed in Sierra Leone, providing clean and reliable electricity to an underserved community, and supporting healthcare and education sectors in the area. The system includes 400Wp solar power panels and a 102.6kWh battery bank equipped with 5.7kWh Li-ion battery storage. The system also ...

The project features 224 solar panels, each rated at 450W, harnessing the abundant sunlight available in Sierra Leone. The solar panels, combined with three 15kVA inverters, ensure that the hospital can efficiently convert and utilize the energy generated during daylight hours.

Easy Solar enhances the lives of people across West Africa by providing access to solar energy solutions and other transformative durable goods. We make these affordable through a range of flexible financing options, empowered by pay-as-you-go technology, and accessible through an extensive network of agents and shops.
