

# Solar dish price Liberia

How many people in Liberia have access to electricity?

Fewer than 1% of rural Liberians have access to electricity. LIB Solar focuses on providing reliable, safe electricity to these communities by mobilizing communities instead of selling to individual customers. Each community receives high-quality solar systems that provide lighting and phone charging.

Why is electricity important in Liberia?

Electricity is important in Liberia because it creates opportunities, such as learning, communication, starting a business, and building a better life. Unfortunately, less than 1% of rural Liberians have access to electricity. However, reliable, safe electricity is now affordable for nearly anyone. LIB Solar focuses on mobilizing communities instead of selling to individual customers to achieve economies of scale.

What is the sustainable power source in Liberia?

In Liberia, sustainable power is harnessed from tight-knit communities to provide life-changing products and services, starting with access to solar electricity. Electricity creates opportunities -- opportunities to learn, communicate, start a business, and build a better life.

Over the last seven years, J.J Reliable Solar Company Inc. has consolidated its footprint in the reliable energy industry in Liberia. We are in partnership with world-class solar manufacturing companies from Germany and China.

Remarking at the program, Ambassador of the Federal Republic of Germany to Liberia, Dr. Jakob Haselhuber said that currently, only 7% of Liberians has access to greater LEC while another 21% of the population has access to off ...

Communities receive high-quality solar systems that provide lighting and phone charging. Customers own their systems after completing a series of affordable monthly payments. Households and businesses can finance additional products, including refrigerators, TV's, fans, and business equipment.

Remarking at the program, Ambassador of the Federal Republic of Germany to Liberia, Dr. Jakob Haselhuber said that currently, only 7% of Liberians has access to greater LEC while another 21% of the ...
