Christchurch, New Zealand. Christchurch Airport's renewable energy precinct, Kaiwhia Park has taken a giant step closer to reality. After a year-long process, that attracted interest from organisations across the globe, the airport has chosen one of New Zealand's largest energy companies, Contact Energy, and international solar developer, Lightsource bp, as its ...

Transpower's 2019 report "The Sun Rises on a Solar Energy Future", does some serious myth-busting (all the text in quote marks below is from the Transpower report). New Zealand IS sunny enough for solar. New Zealand has more than enough sunlight to make solar generation a significant part of our energy supply.
