

Solar lift universal adjustment bracket

What is a solar panel lift frame?

The brackets are the lift frame and securely fasten the solar panel to the surface to which it is attached. Everything is attached to the brackets, the solar panel, actuator, rotation pin, and whatever else the kit might have. Frames need to be sturdy and capable of folding flat so that you can place down the solar panel.

Will the tilt mount support renogy solar panels?

The tilt mount will support off-grid systems, and will support Renogy solar panels up to 150W. However, please note that angle adjustability will decrease as the panel size increases. The tilt mount is designed to allow adjustment of the panel for optimum performance.
