Solar is an investment unlike a car. First of all solar, connected to net metering can reduce the electricity bills significantly which is how you recover the cost of solar (and you can recover that initial cost within 2-4 years depending on the electricity price increase). Also electricity prices will keep going up especially in Pak.

We at Ittehad Solar Energy, have built our reputation by "working with our customers and for our customers." Just like your new Solar Panels, we are here for the long term. We've been installing solar systems since 2015 and have always focused on improving the quality of our service from first call to install.
