Who are Manx solar electrical?

You might be surprised! 2019 Manx Solar Electrical Ltd. Registered in the Isle of Man No. 127 689C. VAT Registration No. 004 6877 73 The Isle of Man's leading renewable energy provider, Solar PV, Heat Pumps, EV Charging, Tesla Powerwall, Solar Edge, Stiebel Eltron, Dimplex, Mitsubishi, JA Solar.

Is it time to install solar panels in the Manx?

Even on a bright Manx winters day a panel can generate a considerable amount of electricity (perhaps 30% of capacity). There is something very satisfying about receiving an energy bill from Manx Utilities which is not only zero, they might pay you because of excess energy sold to the grid. There has never been a better time to install solar.

Do solar panels need to be south facing?

Solar panels need to be south facing for maximum exposure. Is your property surrounded by trees or buildings that may cast a shadow over solar panels - this can significantly reduce the amount of electricity generated. And, of course, is your roof structurally sound? Not only will it have to support the solar panels but also the fixing frames.

Plans have been submitted for the Isle of Man's first solar energy farm. The proposed 84-acre development in the south of the island would generate enough electricity to power nearly 8,000 homes ...
