

The Minister of Mines and Energy Hon. Tom Alweendo, today (07 September) inaugurated Namibia's first privately owned Independent Power Producer (IPP) solar PV plant that will supply power directly to an industrial ...

Concrete storage has so far been designed for parabolic trough solar thermal power plants of the ANDASOL-type, using thermal oil as heat transfer fluid. So for this 50 MWe plant a concrete ...

This revolutionary innovation is an initial step to develop fully solar-driven cement plants. CEMEX, S.A.B. de C.V. ("CEMEX") and Synhelion announced today the successful production of the world's first solar clinker, ...

EU-funded researchers showcased innovative solar thermal technology that could almost halve the carbon footprint of industrial heat generation. The technology focuses the sun's beams to achieve temperatures ...

August 3, 2023 - Cemex and Synhelion announced today a significant milestone in their joint effort to develop fully solar-driven cement production: the scaling of their technology to industrially-viable levels. This includes the continuous ...

The major global cement producer CEMEX has begun work with the solar fuel start-up Synhelion to demonstrate the world's first zero emissions cement production with high temperature solar. Synhelion is a solar ...

Ohorongo Cement has held a groundbreaking ceremony for the construction of a 5MW solar photovoltaic (PV) plant which will provide green and clean electricity to the company's cement plant in Namibia. The close to ...

commercial applications in cement plant. The aim of this case study was generating power by utilizing waste heat from the dual sources using Steam Rankine Cycle. In the present work a ...

Combined with existing projects, the Alpena solar facility will help the site self-generate 75% of its power needs with clean energy--an important step toward fulfilling Holcim's pledge to power all of its U.S. ...

Lucky Cement Karachi Solar PV Park is a 25.3MW solar PV power project. It is located in Sindh, Pakistan. It is located in Sindh, Pakistan. According to GlobalData, who tracks and profiles ...
