

# Solar power Bermuda

By partnering with Maxeon as their exclusive dealer in Bermuda, AES is the only solar company on island equipped to install the world's most durable and efficient panels. Our partnership with Maxeon allows us to maximizing savings and the return on investment for our customers.

Power up your Bermudian paradise with BE Solar: Bermuda's leading energy solutions provider, empowers you to embrace clean, sustainable power. We expertly design, sell, and install premium solar panels, reliable batteries, and cutting-edge EV ...

The growing number of people embracing solar power in Bermuda and other countries are enticed by the many benefits it offers. According to a Stanford University submission, the benefits include: its abundance, renewable disposition, high levels of sustainability, low noise, low maintenance and environmentally friendly operation.

Sunny Side Solar believes the scientific evidence that climate change is the most serious threat of our time. Therefore, we are dedicated to making Bermuda more resilient by taking positive action to diversify the energy supply. The best opportunity for this, after energy efficiency and conservation, is installing solar.

BE Solar offers the best in solar electricity systems for Bermuda's harsh climate. We carry modular, completely interated systems that are designed to expand with your growing needs or repair and replace over time.

Our experienced team designs a customized solar solution that aligns with your energy requirements and budget. We offer a range of solar products, including Solar Power Generators, Direct Current Refrigerators, Direct Current Water Pumps, Portable Solar Panels, Fixed Solar Panels, and Sun Tracking Solar Panel mounts.
