The Prosol Elec program encourages businesses and households to develop solar systems for self-consumption. The program offers a 30% rebate off the project price through the FNME, a free inverter supplied by STEG, and a five-year credit of up to TND 3,000/kW.

Tunisia is supporting utility-scale solar through a series of tenders, the latest of which was launched in January 2023. It also finalized a 500 MW solar tender in December 2019. The country's cumulative installed PV capacity stood at just 506 MW by the end of 2023, according to the International Renewable Energy Agency (IRENA).

Included Racking - Often, the racking (or at least part of the racking) is excluded from solar system kits online. At SolarSet, the racking is the heart of the system, and all of it is included in the MSRP price. **Included Batteries** - Batteries are included in our Off-Grid and Hybrid models. We are somewhat unique in this, as some Off-Grid solar systems are priced EXCLUDING batteries.
