

Solplanet battery Cuba

Are solplanet batteries compatible with a hybrid inverter?

The series stands fully compatible with Solplanet's line of hybrid inverters, offering a comprehensive and cohesive solution for advanced energy monitoring and control. Connect and monitor your battery using our mobile app available in the Apple App Store. Connect and monitor your battery using our mobile app available in the Google Play Store.

Why should you use solplanet?

Streamlining user experience, quick setup and efficient data tracking are achieved seamlessly through the intuitive Solplanet apps. Users can easily monitor energy consumption and battery charge/discharge levels, fostering a transparent and user-friendly energy management experience.

Does solplanet have a mobile app?

As a testament to Solplanet's commitment to user-friendly experiences, you can effortlessly monitor the battery's charge and consumption through our intuitive mobile application. Elevate your energy reliability with the Ai-LB series as it sets new standards for durability, safety, and user convenience.

Are solplanet solar inverters a good choice?

We see a solar future for homes and businesses worldwide. High-quality and award-winning, Solplanet's solar inverters are easy to install and user-friendly, making them the perfect choice for anyone looking to easily harness the power of the sun.

Why should you choose solplanet AI-HB G2 series?

Installation and compatibility remain effortless, consistent with Solplanet's commitment to user satisfaction. The Ai-HB G2 Series promises a seamless and adaptable energy storage solution, delivering optimal performance and ease of use for both installers and users alike. Easy commissioning and monitoring with Solplanet app

Are solplanet 3-6k-s-g2 solar inverters a step in the right direction?

We are committed to making solar energy a realistic future for everyone, and we believe that our products are a step in the right direction. Solplanet's ASW 3-6K-S-G2 series of single phase inverters are designed to work with the latest generation of PV modules and are discreet and quiet, so they will not be an eyesore or disturb your peace.

Our Ai-LB low-voltage batteries are IP65 certified, have all-around BMS protection, and are built with the highest quality cells on the market, giving you the longest battery life cycle possible. And as with all Solplanet's products, you can easily monitor the battery's charge and consumption using our user-friendly mobile application.
